

Ormond Ski Club

Newsletter

August 2016

The snow has come and its been the best July in a lot of years and more is set to come in August. Over a metre of cover now and they are grooming Blue Ribbon so time to ski straight down from the Lodge and go for it. No need to worry about the crowd on the bus in the morning

Room in the lodge for more bookings in August and it looks like the season will go well into September so check your annual leave accrual and take a few days to get that work / ski life balance back.

Cheers Rohan

it's a cold walk back up to the lodge from the General Store at night. But the skiing the next morning is worth it

Indigo Shire Health Officer

The club has been in discussion for the past year with Indigo shire over the application by the Shire of their commercial food supplier health regulations. The club believes that the required registration and inspections do not apply to OSC as we are a private club and the club members prepare all the food for themselves that they pay to be supplied to them

If the Health Officer turns up at the Lodge, please be polite but do not answer any questions and direct the officer to contact Tim Chalke who has been managing the communications with Indigo Shire

Renovation Loan

The club loan with the ANZ has effectively been paid off with the club having a bank balance that exceeds the small remaining loan amount. The small balance remaining on the loan will be left there until the end of the season as the interest costs are minimal and we just need to watch our cash flow for the next couple of months before closing out the loan

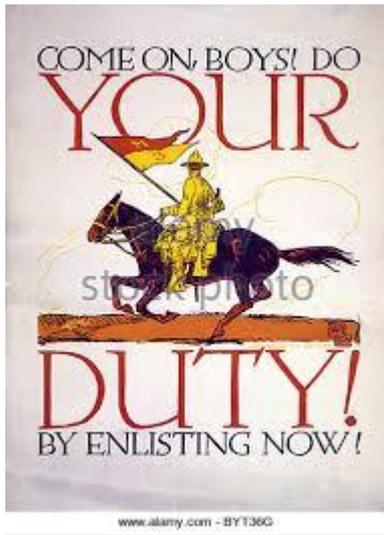

July Lodge Report

The acoustic panels in the ceiling about the dining tables are reported to be working well. The real test will come with the Champagne's in the fast lane group in August

The main upstairs fridge has been tripping its circuit breaker. The problem is probably due to a faulty fan and the fridge has been turned off until it can be repaired. Repairs have been organised but if it's not done by the time your there at the lodge please use the downstairs fridge.

By all reports the student's week went well and the Lodge was certainly in good condition at the end of the week- even if they did manage to put the rubbish in Aardvarks' rubbish hutch

DO your DUTY

Please help the Lodge Leader by completing your assigned duties and ensuring your guests understand how to do the duty they have been assigned. If for any reason you can't do the duty assigned, please talk it over with the Lodge leader to have a change made to a duty you can do.

Draining and refilling the Spa and ensuring the dosing system is working correctly is a critical duty so please help the Lodge Leader with this task especially.

50 Year Celebration and History

The organisation for the 50 year celebration of the club is progressing well. A dinner is planned for October / November 2017 in the college dining hall. More details later. There is no good skiing anywhere in the world in October and November so all members should be able to attend without sacrificing time on skis ☺

The work on developing the club's history is progressing well and the plans are to have the book published for the night of the dinner.

Any member who can contribute to the event organisation and running on the night is invited to contact Katherine or other committee members to volunteer their skills. Florists, videographer, event manager, master of ceremonies skills especially appreciated.

Snow Safety

The slopes just above APEA and the OSC lodge are very steep and getting into these areas can lead to a rapid slide with a hard stop at the buildings.

Please keep an eye on children if they are out playing around the lodges and ensure they stay away from the steep and dangerous areas.

2016 Ski Season Lodge Bookings

Lots of August vacancies STILL

Get in before they all go – it will be great skiing for the next month

Presidents weekend moved to September 16 and 17 so more good early September weekends available

The following table shows how many bed nights have been **booked** for each night. If the night(s) you wish to book are already fully booked, please contact the Booking Officer to be added to the waiting list for those night(s) in case of a cancellation.

Members can book to a maximum of 39 bed nights per night via the booking system to assist the Booking Officer create appropriate bed lists for sharing of rooms. The Booking Officer has discretion to book the three remaining bed nights.

Lost Watch Found

A watch was left, probably during work parties at the lodge. Contact the booking officer if it's yours

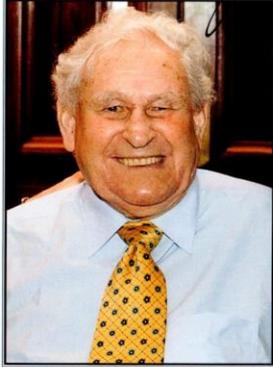

Looks like a tough life at the lodge

George was a college legend and his passing was a sad event for all who knew him.
